

Authors/ Panelists Index

Authors/Panelists Index to Volume 24 (1979)

1-104 JAN	289-384 APR	553-648 JUL	881- 976 OCT
105-200 FEB	385-464 MAY	649-776 AUG	997-1120 NOV
201-288 MAR	465-552 JUN	777-880 SEP	1121-1256 DEC

AART Ad Hoc Committee for Home Care Guidelines: Standards for Respiratory Therapy Home Care—An Official Statement by the American Association for Respiratory Therapy **1080**

Adams, Rochelle (co-author): Cooperative Education of Respiratory Therapy Students **235**

Alexander, GD (co-author): Audit Review and Cost Containment Results of a Continuous Unit Assignment Plan in Respiratory Care (abstract) **1199**

Allen, James: Cartoon **200**

Alley, Christopher T (co-author): Teaching Infant Ventilation Principles Using a Laboratory Animal **33**

Alman, Judith H (co-author): Management of Ventilation following Spinal Cord Injury **1011**

Anderson, Jonna (co-author): Bacterial Output from Three Respiratory Therapy Humidifying Devices **228**

Anderson, Ronald B (co-author): Teaching Infant Ventilation Principles Using a Laboratory Animal **33**

Atkinson, GW (co-author): Sarcoidosis **738**

Avery, Wilbur G (co-author): Inadequacies of the Nasal Cannula As an Oxygen Delivery Source during Exercise (abstract) **1205**

— (co-author): The Transcutaneous PO_2 Monitor As an Aid in Prescribing Proper Home Oxygen Therapy (abstract) **1206**

Bageant, Robert A: Glutaraldehyde in Automatic Washers Is Diluted **666**

—: Glutaraldehyde Reports **996**

Baker, Harold A (co-author): Disinfection of Anesthesia and Respiratory Therapy Equipment with Acid Glutaraldehyde Solution **321**

Baker, Robert P (panelist): The Great Dilemma: Can Anyone Stop Smoking? A Panel Discussion **722**

Barnes, Thomas A (co-author): Cooperative Education of Respiratory Therapy Students **235**

Barstow, Ruth E: Coping with Emphysema: A Field Study **913**

Beachey, Wilmer D (et al): A Model for Teaching Pulmonary Mechanics **52**

Beckett, Ronald G: Opposed to Alternative Arterial Puncture Technique **1136**

Beckham, Richard W: Standard Arterial Puncture Technique: Awkward but Safe **1134**

Becvar, Raphael J (et al): Teaching Patient-Persuasion Skills to Respiratory Therapy Students **510**

Benson, Michael S (et al): Ventilator Wash-Out Volume: A Consideration in Endotracheal Suction Preoxygenation **832**

Bentlnck, William C: Reply to letter: "Malfunction of AIRbird Resuscitators" **306**

Bivins, Brack A (co-author): Usefulness of Various Pulmonary Function Tests in Morbidly Obese Patients before Jejunoileal Bypass **836**

Black, Leo F: Pleural Disease **362**

Block, A Jay: Disorders of Breathing Control during Sleep **715**

AUTHORS/PANELISTS INDEX

- Blomefield, Jan: For AI **527**
- Bone, Roger C (co-author): Use of Flow-Volume Loop Patterns To Determine the Type and Location of Airway Obstruction: Practical Problem No. 6 **942**
- (co-author): Use of Flow-Volume Loop Patterns To Determine the Type and Location of Airway Obstruction: Answers to Practical Problem No. 6 **1076**
- Boocks, Ron: An Effective Management Information System Improves the Efficiency of a Respiratory Care Service (abstract) **1199**
- Boucher, RMG: Reply to letter: "Glutaraldehyde in Automatic Washers Is Diluted" **668**
- Burdon, Arthur P (panelist): Moral and Legal Aspects of Respiratory Care—A Panel **850**
- Campbell, Roy L (co-author): A Noninvasive Device for Ventilatory Assistance **612**
- Cassady, George (panelist): Moral and Legal Aspects of Respiratory Care—A Panel **850**
- Cawley, Joseph (et al): Registry Eligibility Changes Supported by Students **214**
- Cefaratt, J (co-author): Blood Gas Homeostasis Post Open-Heart Surgery: A Survey (abstract) **1207**
- Coburn, Thomas P (co-author): Continuous Negative Chest-Wall Pressure Therapy in Management of Severe Hypoxemia Due to Aspiration Pneumonitis: A Case Report **1022**
- Comer, Paul B (co-author): A Noninvasive Device for Ventilatory Assistance **612**
- Conine, Tali A (et al): Productivity of Respiratory Therapy Personnel **314**
- (et al): Reply to letter: "Official Roles of Practitioners Not Valid" **674**
- Conway, William (co-author): Evaluation of the Timeter RT100 Calibration Analyzer and the Resultant Development of Equipment Performance Standards (abstract) **1205**
- Cooper, Rob (et al): Electrophrenic Stimulation in a Child with Total Diaphragmatic Paralysis: A Case Report **336**
- (co-author): Monitoring Central Venous Pressure during Mechanical Ventilation **241**
- Cordy, Denton J (co-author): Electrophrenic Stimulation in a Child with Total Diaphragmatic Paralysis: A Case Report **336**
- (et al): Monitoring Central Venous Pressure during Mechanical Ventilation **241**
- Corrao, William M (co-author): A Perspective on Sputum Analyses in Pneumonia **503**
- Coughlin, Rick (co-author): Self-Administration of Chest Physiotherapy **311**
- Craig, Ken C (et al): Expired Gas Collection for Dead Space Calculations: A Comparison of Two Methods **435**
- : Reply to letter: "No Collection Assembly Needed for Vco₂" **894**
- Crawford, Carole A (et al): Chest Tube Pressurization for Bronchopleural Fistula: A Case Report **932**
- Crowley, TP Sr (et al): Audit Review and Cost Containment Results of a Continuous Unit Assignment Plan in Respiratory Care (abstract) **1199**
- Cunningham, Janis (et al): A Performance Evaluation Tool for the Respiratory Practitioner (abstract) **1200**
- Curtis, Terry (co-author): A Suggested Current Literature and Reference Library for Respiratory and Chest Physical Therapists **138**
- Darin, John M: More Self-Evaluation Exam Answers Disputed **1142**
- Dawes, George W (et al): Gas Temperatures in Neonatal Intensive Care Unit (NICU) Respiratory Equipment (abstract) **1200**
- (et al): The Oxygen Hood As a Noise Factor in Infant Care (abstract) **1200**
- Dawley, Harold H Jr (panelist): The Great Dilemma: Can Anyone Stop Smoking? A Panel Discussion **722**
- Debrand, Maria (co-author): Usefulness of Various Pulmonary Function Tests in Morbidly Obese Patients before Jejunioileal Bypass **836**
- DeKornfeld, Thomas J: Credentialing in Respiratory Therapy: The Other Side of the Coin **226**
- : Reply to letter: "Upward Mobility of CRTTs Favored by Past House of Delegates" **476**

AUTHORS/PANELISTS INDEX

- Vesley, Donald (et al): Bacterial Output from Three Respiratory Therapy Humidifying Devices **228**
____: Reply to letter: "Humidifier Bacterial Output" **662**
- Virgulto, James (co-author): Use of the Emerson Adult Ventilator for Helium Flow-Volume Calibration **1017**
- Wenglar, Mark E (co-author): Decontamination of Respiratory Therapy Equipment with SPOROX, a Stabilized Hydrogen Peroxide (abstract) **1201**
- Whitman, Robert A (et al): Use of Flow-Volume Loop Patterns To Determine the Type and Location of Airway Obstruction: Practical Problem No. 6 **942**
____ (et al): Use of Flow-Volume Loop Patterns To Determine the Type and Location of Airway Obstruction: Answers to Practical Problem No. 6 **1076**
- Wilcoxon-Rogers, Wendy: Formal Education Preferred to Eligibility Shortcut **211**
- Williams, Thomas J (co-author): The Oxygen Hood As a Noise Factor in Infant Care (abstract) **1200**
____ (co-author): Teaching Infant Ventilation Principles Using a Laboratory Animal **33**
- Worthington, S Parker (et al): Electrophrenic Respiration: A Case Study from Life Support to Diaphragmatic Strength Regeneration to Nocturnal Maintenance (abstract) **1209**
- Wright, Ballard D (et al): Pulmonary Aspergillosis Treated with Nystatin Aerosol **150**
____ (co-author): Usefulness of Various Pulmonary Function Tests in Morbidly Obese Patients before Jejunioileal Bypass **836**
- Wyka, Kenneth: Book review of "Clinical Aspects of Respiratory Physiology" **452**
- Wyman, Lorraine (co-author): Bacterial Output from Three Respiratory Therapy Humidifying Devices **228**
- Zorn, Eileen (co-author): Clinical and Physiological Response to Comprehensive Respiratory Care (abstract) **1207**
- Zwagil, Larry W (et al): Reply to letter: "Open-System IMV with PEEP" **398**
